Experience

Frontend Intern

OK Media, Baku, Azerbaijan

July 2025 – September 2025

- Assisting in building responsive web pages using HTML, CSS, JavaScript, and React
- Working with the team to implement UI designs and connect APIs
- Gaining hands-on experience in real projects and version control with Git

Projects

Bayfilm9

- Developed the frontend website with user-friendly design and responsive layout.
- A custom Admin Panel was created to allow the admin to manage the site content.
- Technologies: React, Tailwind CSS, and various React libraries.

[Live](#) | [GitHub](#)

A101(Clone)

A practical clone of the A101 store website, built using React and Tailwind CSS. I worked on the design and functionality of the site to enhance my frontend skills.
